Accessing Worlds

Through Education

To our wonderful Le Fevre Peninsula Primary School community.

We are launching Children's University for 2022!

This fabulous International and Australia wide program promotes life-long learning both inside and outside of formal school settings. Last year we had over 20 receive their first award and are as keen as can be to continue this year.

The learning destinations that were visited and the experiences enjoyed by last year's cohort were quite wonderful and diverse. They look so proud of their achievements at the graduation as were we, who were able to attend with them.

The program is aimed at the year 3-6's and we have vacancies that we want to fill with new students this year. If any of your children are planning to do Children's University again this year, or are interested in joining please complete the attached registration form and return it to Bronte, via the office, by Friday 25th March 2022.

The cost to enrol or re-enrol as past students also need to register each year is \$10.00 per student. If they need a replacement passport it is an extra \$5.50. We are capping our Children's University cohort at 45 students for 2022.

As requested by some members of the community, younger siblings of Children's University students may be considered from year 2, on case by case basis. If you would like any further information, or have any questions please contact Bronte via his email, bronte.stanford539@schools.sa.edu.au

Kind Regards
Bronte
